

Clearview Capital Seeks Add-on Acquisitions for Capitol Services

Capitol Services is a tech-enabled provider of outsourced legal and compliance services, including registered agent, corporate and lien search and filing and other services, primarily to law firms and corporate clients. Clearview Capital acquired Capitol Services, in partnership with management, in April 2023 and is actively seeking potential add-ons with the following characteristics:

Geographic Expansion

Companies providing similar services with a strong market presence in the Northeast, Midwest and West Coast of the U.S. would be attractive. Other geographies in the U.S. and internationally will also be considered. Of particular interest are companies operating in California, New York, Illinois, and the District of Columbia.

Complementary Service Capabilities

Companies providing outsourced corporate, UCC, registered agent and other legal and compliance solutions. Complementary services of interest include real estate search and recording, international legal and compliance services, business licensing, independent director services, EIN filing, trademark/patent/copyright search and filing, charitable organization filings, apostille and document legalization, and remote notarial services.

Complementary Technology Capabilities

Companies with technology platforms related to corporate secretarial and entity management as well as other legal and compliance related services.

All add-on candidates should also meet the following criteria:

- Annual revenue of at least \$1 million
- Strong, sustainable competitive position
- Favorable growth prospects and strong customer relationships
